FOR IMMEDIATE RELEASE:

Final Closing of Integral Fund III

Integral Group is pleased to announce the successful closing of its third fund, Integral Fund III, at its hard cap of ¥73 billion of total commitment (including “Integral 3 Limited Partnership”).

The fundraise was oversubscribed and attracted substantial commitments from both existing and new investors, including many leading domestic and international investors such as pension funds, endowments, foundations, insurance companies, financial institutions and fund of funds.

Integral Group’s previous two funds, fund I closed in April 2010 at ¥11.2 billion and fund II closed in November 2014 at ¥44.2 billion, are performing strongly with Integral Group’s close involvement and support of the development of its portfolio companies in Japan. Integral Group has been able to identify a number of attractive investment opportunities and successfully reached the final close for Fund III within 2.5 years from the final close of its predecessor fund.

Integral Fund III will continue to pursue buyout opportunities that primarily promote the growth of mid-cap Japanese companies through investments in situations involving business succession, business turn-around, Management Buy Out, corporate spin-offs, and capital injection for growth. Integral Fund III will also consider investments in large-cap Japanese companies together with co-investments from domestic and overseas institutional investors.
